- EN Standards: 14476, 1276, 13697, 1656, 1657

Creating a clean environment

Purifog Biotect AV is more effective than a standard spray system. Our 1 micron sized particles will leave nothing untouched.

Complete coverage with Purifog Biotect AV

Drags viruses & bacteria particles to the ground

Cleans & disinfects surfaces

Purifog Biotect AV reaches the places other disinfectants can't!

- ✓ Purifog Biotect AV will disinfect all areas of your premises including all horizontal and vertical surfaces, door handles, light switches and everything that it comes into contact with.
- ✓ Leaves a micro thin layer of disinfectant on all surfaces for prolonged protection against viruses, bacteria and COVID-19.
- ✓ Perfect for any environment reaching the highest shelving in warehouses to the smallest key on your keyboard.
- ✓ Purifog Biotect AV is a dry fog and safe to use over PCs, electronics, paperwork, clothing and furniture and leaves no visible residue.
- ✓ The fastest and most effective way to disinfect your premises on the market.
- ✓ All it takes is one push of a button.
- ✓ Designed for simplicity so anyone can operate.
- ✓ Authorised for food production and processing premises in accordance with HACCP Procedures.
- ✓ Authorised for veterinary settings.
- ✓ Authorised for hospitals and medical settings.
- ✓ Appropriate PPE must be worn by personnel (refer to the instruction manual at Purifog.co.uk).
